THE TIMES.

WEDNESDAY, JUNE 19, 1907.

FARMVILLE.

The stillness of our town is profound, and nothing of a stir is lef to us but the large business throng of Saturdays as they come and go Our "Country Cousins" honor us with their presence on that day, and it would be right hard to express our gratitude at their coming; and those of them who come with fresh eggs and frying size chickens not only carry back with them all the want from our stores, but a considerable amount of cash besides.

The three members resigning from the faculty, Misses Waterbury, Hills and Cox, were very popular not only in the school, but so far a they were known outside, and will be greatly missed.

Miss Waterbury had endeared herself to the members of the Presbyterian congregation over whose organ she had presided with expressive taste and tact. Some one will be found to take her place, but, just now there are some who say it cannot be filled.

We ought to have somewhere on our Main Street a drinking tank for horses, and the town should establish it unless some private citizen wants to leave it as a monument to his public spirit. No country friend who drives into town should be forced to drive down to the Appomattox to water his team. This is not only troublesome, but when the mud on the bank gets to be deep is exceedingly disagreeable. The cost couldn't be great and the conveniences would be of general and substantial value.

Our candidates are so quiet this few of us ever think of this as being election season. They may be giving warm hand-grasps and if so the parties squeezed are the only ones cognizant of the fact.

Mr. H. E. Wall wants to be a member of the Board of Supervisors, and to get the place he will have to win out over Mr. L. S. Verser, the present incumbent, who has a host of friends.

Since Charlottesville has gone "dry" it loos as though the day of the saloon is closing in Virginia, and with the whiskey all gone politics will go too. The two have been fast friends and the tie being broken death must follow. The laws that neither smell nor smack of whiskey must be vast improvements upon those that were born in bar-rooms or were saturated with wine.

The "oldest inhabitant" is still saying that for continual cold May 1907 broke the record, and when June opened there was no summer warmth in sunbeam, or zephyr, at morn, noon or night. I have a friend who began April with wood enough, as he thought, to carry him through the next winter, but I met him the other day and he now fears it will not last him through June

With the present price of eggs, chickens, lard and hams, and fires in the summer-time, are enough to make our housewives give up in despair.

I am often impressed with the fact that the ab-smoker sticks closer to his work than the rest of us, and he has the happy faculty of talking while he works. Some of the world's best philosophers pull the stitches and drive the pegs, and it is strange that men who stay so closely in their shops should know so much of what's going on in the community.

The address of Dr. Cornell to the "sweet girl graduates" was not only entertaining but inspiring as well, while it sparkles with some flashes of genuine wit. It was the success of commencement week.

"Miller" and "Haywood" are springing at each other through the columns of the Herald, and all of us are interested in the outcome of the struggle. They are our most useful fellow citizens and we would have no harm come to either of them.

There must be something to grind and the grinding must go on or our grinders are out of a job. In this connection it is gratifying to know that our mill turns out some of the best brands of flour known to the market. We ought to excel too in furniture making, shoe making, hat and spoke making, wagon making, while our lithia spring should be made as valuable as the far famed Buffalo lithia. This you know made its owner a millionaire. We have but one millionaire already with us, and there is room for a dozen more. It will not do for all of us to be very rich, for some of us might get to be very saucy or very lazy. As it is we are carrying our daily burden of struggle and the greatest preacher I ever heard once said from the pulpit, "Struggle is heaven's best gift to man." The load at times gets to be heavy, but all that is needed is that with the increase of burden there should be given the increase of strength to bear it

Heroism is not confined to war times, nor courage to the field of battle. There is a courage that looks easy and yet is noble: the courage of a teacher repeating day after day the same lesson—the least remarkable of all forms of courage.

Farmville has lost an honorable and useful citizen in the death of Mr. Chas Bugg. He came from England some 35 years ago and began life in Farmville. Here he succeeded in business, made a happy home, and reared a large family, every member of which is an ornament to the community in which they live. Mr. Bugg held many positions of public trust and in each was honest and capable. He was a consecrated an intelligent Christian and was a man of divided convictions. The community is poorer when such a man dies.

Our Summer Normal will begin the 1st of July and continue to its close. Prof. Jones, of the State Normal, will be in charge, and no better leader could have been chosen. His associates, too, will be teachers of recognized ability and rich in experience. The younger teachers of this section of the State can not afford to miss this opportunity for improvement.

Dr. and Mrs. White have been on a visit to friends at Arvonia. I suppose it is the first visit the doctor has paid in many years. He is generally to be found at the post of duty ready to respond to every distress call which is made upon him

The Rev. Ivanhoe Robertson, of Florida, has been visiting his brother, Mr. W. H. Robertson, and family.

Rev. J. R Graham, a missionary who works in the China field, will spend the summer at Randolph Sidney, with his family and supply the College Church pulpit.

Our coats and fires are the order of the day. Are we to have frost each month of the year.

Miss Cox, Prof. of the Woman's College, Columbia, S. C., will spend the summer in Farmville, as has been her custom for many years.

No mention has been made of an ice factory of late, and no one has been much concerned about ice.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give opheard satisfaction in this community. M. H. RODNEY & Co., Almond, Ala.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have a kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independent candidates for the office of Sheriff of Buckingham County. We appreciate the kindness of our Republican friends in endorsing our candidacy and they have our thanks, but we want it distinctly understood that we are Independent candidates for this office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with honor credit to ourselves. Thanking you for your consideration expressed heretofore and bespeaking your further consideration, we are,

Yours faithfully,

C. D. McCRAW
P. A. GRIGG.

For the Senate.

To the Voters of the Eighteenth Senatorial District, (Appomatox, Buckingham, Pluvanna and Charlotte):

I respectfully announce myself a candidate for the State Senate, subject to your approval at the Democratic primary, pledging myself to the faithful discharge of the duties of the office if elected, and a watchful eye to the wishes and interest of my District.

Your obedient servant,
T. W. SCOTT,
Drakes Branch, Va.

Announcement.

To the Democrats of Lynchburg and Campbell County:

I am a candidate for the State Senate, subject to the primary to be held July 11th, and respectfully solicit your support.

This is Lynchburg's time to have the State Senator. The executive committee of Madison county and city have officially so declared and all loyal Democrats should abide by the decision of the party authorities. My opponent said at Hustburg, "I do not know whether I am a Democrat or not." He is seeking a Democratic nomination. Can he consistently do so while doubtful of his own Democracy? I do know that I am a Democrat and as such I ask the votes of all Democrats who appreciate party loyalty and party service. DON P. HALSEY.

Announcement.

I am a candidate for the position of Treasurer of Buckingham county at the election of Nov. 8th, 1907. If elected, there will be associated with me in the conduct of the office Mr. A. C. Garnett, Jr., who is well known to the people of the county. Your answer we solicit your support.

Buckingham.

In view of the fact that a primary is to be held in this and Appomattox counties on the 26th of July, it may be interesting to read the figures which were the result of the primary held August 22nd, 1905 and I copy from the figures given in this paper and the News-Leader at that time. In Buckingham the total vote as cast for Martin and Montague was put at 550, the total vote cast for the 3 candidates for the nomination for Governor was put down as 557 as follows, Swanson 210, Willard 129, Mann 218. If this is correct Mann got a majority of 8 votes. The News-Leader gave the total vote for Martin in Appomattox as 585, Montague 238, making the vote cast for Martin and Montague 823, while the total vote cast for the 3 candidates for Governor is put down at only 641. If none of the candidates for county and district offices have opposition in the coming primary only the names of the candidates for the Senate and House will be printed on the ballot, and this being the case there will likely be a small vote polled, unless indeed the fight between Hall and Moss should wax warm, for our people seem to care little whether the Senator shall be Scott or White.

Mr. James L. Anderson has sold his property at State River Mills and the mill is being put in repair for the coming wheat season.

Corn meal is retailing here for $1.00 a bushel, and it is difficult to get at that sometimes.

Dr. S. R. Glover went to Lynchburg last week to complete his examination before the State Board of Medical Examiners. His friends are anxious for Dr. Glover to locate for the practice of his profession at his old home near Glenmore.

Editor Alfred B. Williams, of the News-Leader, was mentioned in the Times-Dispatch as Major Williams, and in another issue Mr. Williams with a modesty which in these times is refreshing (to say the least) disclaims all right to the title and gets off a good one on The Times-Dispatch, when he says they have had a picture of every white man in Virginia, who is 21 years old in the paper, Mr. Williams while publishing his views on current topics each day in his paper shrank from such notoriety as having his picture in a paper, and at the same time having a title affixed to his name, which he felt he had not earned and we must go out of our way to compliment the sentiments he expressed as being his, and we also admire the spirit in which the Editor of the Times-Dispatch took what was said by Editor Williams.

The bright and entertaining correspondent from Shepards mistook the time when those unfortunates went to their death as a direct result of whiskey they drank. The sale of ardent spirits was licensed here in those times and they bought it (whiskey) at one of the bar-rooms. We had five bar-rooms here at one time. Very little of the whiskey that is drank here on any occasion is bought here, indeed very little is sold here, but men who come here on Court days bring liquor with them oftimes.

Forgome cause I did not get my Taxes last week and besides being deprived of the pleasure of reading what was published from other places I may be writing some old news now.

Miss Bessie Rice is visiting her sister, Mrs. L. G. Morris.

Mr. Tom Turner, of Slate River district had a Jersey calf killed by some one hunting, and it is supposed the calf appearing suddenly was mistaken for a deer or fawn.

Mr. Travis Davis died at his home near Dillwyn last week. He was a son of the late Joshua Davis.

Up to the 24th of June I have not seen any wheat harvested. Let the oldest reader of THE TIMES say when he ever saw harvest as late.

Friends of Miss Mary Hannah will be sorry to learn that she is very ill at her home near Buffalo Station.

Mr. Walker E. LeGrande, who has been visiting his father, Mr. W. M. LeGrande, of Buffalo Station, returned to his home in Roanoke Sunday.

Misses Minnie and Cordelia Dixon and Messrs. Horace Taylor and Johnnie Dixon were the guests of Miss Eva LeGrande on last Sunday.

Hebron.

The past few days of bright sunshine and the higher thermometer begin to inspire new life and cause us to think we are to have summer after all. Why should we ever doubt Him who has "set all the borders of the earth" and "made summer and winter?"

Many of the farmers are busy trying to repair the damages to the corn crop, made by the freshet in our noble Wreck Island. Almost entire replanning will have to be done, but the rich soil will soon bring it forth again. Some are beginning to cut wheat. It is thought there will be a fine yield of this indispensable grain. Tobacco plants are scarce and not a large crop planted.

There has been some shadows in our community of late, last letter. Death entered the home of Mr. John Alvis and took the little babe a few weeks old. "It was only a baby" but how much this means to a parent's heart. Several of the older children are ill with whooping cough. This estimable family have the sympathy of the entire neighborhood.

Mrs. Frank Stratton, who has been very sick for over a month, is still in a critical condition. Many are the prayers offered for her restoration to health. Her husband and two sweet children miss the helpful wife and mother. Miss Mattie Stepton, of Bedford deserves special mention as the good Samaritan who is with her doing all she can to alleviate her sufferings.

Two arrivals must be noted—a little girl at Jas. B. Taylor's and a boy at Emory Jennings'. They must be acceptable visitors, judging from the pleasing looks and desire for them to remain a long time.

Several boys and girls met at the camp pond near by yesterday and caught some nice fish, which they seemed to enjoy much.

We are very proud of furnishing our next Representative. Our Capt. "T. J." is some of our best Hebron material.

I would like in conclusion to thank Glenfall for her substantiated compliment, but one talkative busy body creature of the other sex has said since reading her letter "You women do love praise so well that you seek it by giving each other 'taffy.'" Well we do not attach much importance to his opinion on the subject, but will not put the temptation in his way to say ugly things this time. He is a friend to us after all.

We are sorry to learn of the illness of Mr. John Shearer, just as we are about to mail this.

May success continue our good paper.

The town has been flushed with noted politicians this week; senators, delegates, treasurers, attorneys and such like, all distinguishing themselves for the coming fall election.
